## 6. Results

---

Value of all contracts awarded in this notice: 196 400,00 EUR

Direct award:

Justification for direct award:

Extreme urgency brought about by events unforeseeable for the buyer

Other justification: Due to unforeseeable events, the procuring entity was unable to conclude successfully the competitive selection of the supervision engineer services for the section Ozimice to Poprikuse (see OJEU 343352 2025, issue 102/2025). However, the procuring entity had already awarded the works contract for which those supervision services were required. In order to avoid delay and incur additional costs whilst a new competitive selection procedure is performed for the supervision services, the procuring entity used a negotiated procedure without prior call for competition to award a contract for temporary engineer services. This temporary engineer services contract has a fixed ceiling and fixed end date. The procuring entity will commence a new competitive selection procedure for the permanent supervision services which will follow on from these temporary engineer services.
